A Service Provided by the Office of Faith-Based and Community Initiatives  
Mitchell E. Daniels, Jr., Governor Paula Parker-Sawyers, Executive Director

July 30, 2007

## Greetings,

This *Funding Opportunities* listing is provided to you by the Office of Faith Based and Community Initiatives (OFBCI). The OFBCI was established by Governor Mitch Daniels with Executive Order 05-16. Our office is responsible for the management of the AmeriCorps\*State program in Indiana. Additionally, this office will reach out to faith-based organizations to familiarize them with state and federal opportunities for grants and programs and provide training and technical assistance where appropriate for both community and faith based organizations.

We believe that another important part of our mission is to share with organizations throughout the state information regarding various funding opportunities that may address a specific need. Monthly, a listing of funding opportunities will be sent to you electronically which represents notices this office has received within the last 30 days. The listing is organized chronologically so that you can review funding opportunities based on the published deadline. We will make every effort to only publish available grants whose deadline is two weeks or more in the future, recognizing that it takes substantial staff time to develop successful grants. We hope that you will use this listing to further your mission and will let us know if you are successful in securing additional resources.

*Paula Parker-Sawyers*
